## 1 INTRODUCTION

This document provides information and instructions for preparing an article according to the AMCA style. Only articles formatted according to the present guidelines will be accepted for AMCA publications.

## 2 GENERAL SPECIFICATIONS

The article may be written in English, Spanish or Portuguese within a printing box of 16cm x 24cm, centered in the page.

## 2.1 Use of acronyms

If acronyms are used, then define them before their first occurrence.

## 3 TITLE, AUTHORS, AFFILIATION, KEYWORDS

The first page must contain the Title, Author(s), Affiliation(s), Keywords and the Abstract. The second page must begin with the Introduction. The first line of the title is located 3cm from the top of the printing box.

## 3.1 Title

The title should be written centered, in 14pt, boldface Times Roman, all capital letters. It should be single spaced if the title is more than one line long. Inclusion of formulas or special characters in the title is **highly** discouraged. Acronyms may be used if defined *in-line*, for instance "Large Eddy Simulation (LES) of flow around a cylinder".

## 3.2 Author

The author's name should include first name, middle initial and last name. It should be written centered, in 12pt boldface Times Roman, 12pt below the title. Put all the authors together, split in several lines if necessary. Affiliations must be arranged in centered blocks, after the authors. Identify each author with its corresponding affiliation using a letter superscript, as in the example. If all the authors belong to the same affiliation do not use superscript.

## 3.3 Affiliation

Author's affiliation should be written centered, in 11pt Italic Times Roman, 12pt below the list of authors. A 12pt space should separate two different affiliations. It is recommended that authors include an e-mail address and a web page per affiliation site, if possible.

## 3.4 Keywords

Please, write no more than six keywords. They should be written left aligned, in 12pt Times Roman, and the line must begin with the words **Keywords** boldfaced (use **Palabras Clave** in Spanish and **Palavras Chave** in Portuguese). A 12pt space should separate the keywords from the affiliations.

## 3.5 Abstract

Use 11pt Times Roman for the abstract. The word **Abstract** must be set in boldface, not italicized, at the beginning of the first line (use **Resumen** for Spanish and **Resumo** for Portuguese).
